Dairy-free 'Temptation' Chocolates

No Nuts...just Chocolate is returning to the Allergy and Gluten-Free Show this year after a very successful launch in 2008. No Nuts...just Chocolate offers the allergy-friendly range of gourmet hand-made chocolates from Dammenberg, Finland.

Products are available from their online shop at www.nonutsjustchocolate.com and selected specialist stores throughout the UK. Exhibiting at **Stand 123** this year, they will have 'Special Offers' on a wide range of their Dammenberg chocolates – a great opportunity to stock up!

Dammenberg chocolates are all guaranteed to be Nut-free, Gluten-free, Egg-free, Kosher and Vegetarian. Selected products are also Dairy-Free (Milk-free), Lactose-free, Soya-Free, No Added Sugar, Vegan and/or Fair Trade. Founder Dr Sam Thompson (mother to an allergic child) says: "We have had a very promising first year, with our milk-free novelties for Christmas and Easter being particularly popular. This year we have new products added to our extensive range, including dairy-free mint-filled 'Temptation' dark chocolates, which are gorgeous (and I am a milk chocolate devotee!)"

No Nuts...just Chocolate are a Cambridge-based company offering retail and wholesale Dammenberg chocolates, ranging from children's novelties to extravagant chocolate hampers for adults.
