Our product range includes everyday treats, children's novelties, boxes of filled chocolates, seasonal gifts, chocolate desserts, bulk chocolates for chefs, corporate, bespoke and own label products.

TASTING NOTES:

Milk Chocolate: *34% cocoa solids (Contains milk and soya)*

A deliciously refined aroma with a hint of chocolate bitterness; the taste is an exquisite blend of cream and intense cocoa flavours. There is no overt fattiness or unbalanced sugary aftertaste – a clean and harmonious finish.

White Chocolate: *26% cocoa solids (Contains milk and soya)*

With a soft, understated nose, this chocolate is creamy in taste but not too sugary-sweet. The well balanced taste of sweetness and richness leaves a lasting pleasant taste on the tongue.

Dark Chocolate: *55% cocoa solids (Contains soya)*

The nose is deep and intense with a subtle hint of coffee. The chocolate offers a rich but soft taste with a shot of espresso on the back palate. Once again a superb balance and lasting flavour.

X Dark Chocolate: *72% cocoa solids (Contains soya. May contain traces of milk)*

Offering a greater intensity of nose with powerful mocha aromas, there is no bitterness to the rich deep palate and the lasting taste is superb.

'OWN LABEL', BESPOKE, CORPORATE & PERSONALISED CHOCOLATES

Many of our products can be packaged in 'own label' packaging or enhanced with your logo embellished on the box. In addition, we can also embellish the chocolates themselves, with your personal message, design or company logo. Chocolates embellished with 'Mother' for Mother's Day, for example.

Surface images are available on solid dark, milk and white chocolates and the images themselves are the same pure chocolate. Gift boxes are available for individual chocolates or in boxes of 2, 3, 6, 12 or 16 pieces. Please email us at enquiries@nonutsjustchocolate.com with your requirements.
